Join Our Comfort Club Today

Howell's Heating & Air makes maintenance as convenient as possible through our comprehensive Comfort Club Program.

Planned maintenance plays a vital role in keeping your heating and air conditioning system running at peak capacity. Enjoy more comfort and lower your energy bills when our NATE-certified professionals maintain your system. Join our Comfort Club today and start saving!

Your Comfort Club Membership Provides

The best part about being a Comfort Club member? Peace of mind. You can now set the temperature and KNOW your system will deliver. Here are a few other benefits you enjoy as a member:

- **Priority service**—If you need service, you move right to the front of the line! Even on the hottest or coldest day of the year, we guarantee we'll be there the same day.
- **No overtime charges**—As a member, there is no overtime charge for after-hours service.
- **As a member, you receive a 10% discount on repairs.**
- **Precision tune-ups**—Members receive precision tune-ups twice a year!
- **Friendly service reminders**—We will let you know a month in advance (postcards, emails and text messages) when it's time to schedule your next maintenance visit.
- **Bonus Bucks**—Each year, members accrue \$50 in Bonus Bucks that can be used toward a new system (up to \$500) when it's time for an upgrade.
- **The first pound of refrigerant is free** during a maintenance visit.

Enhance your home comfort today! Opt for our comprehensive Comfort Club Energy Savings Plan and start experiencing all the benefits our maintenance agreement offers.

Speak With Our Experts About Our Comfort Club Today

What Are the Benefits of Air Conditioning & Heating Equipment Maintenance?

- Improved efficiency.
- Help to reduce your energy use and utility cost.
- Reduce the risk of major problems and costly repairs.

Inspections Only - \$119 per system

One of our NATE-certified technicians will visually inspect your equipment and make recommendations.

- Visual inspection for safety and assurance of smooth operation.
- Any existing issues that are discovered will be addressed.
- Peace of mind knowing your equipment is operating efficiently.

Don't worry—If anything needs additional attention, we will quote additional services and get your authorization before additional work is done.

Be Comfortable.
